2. These GTS

2.1. These GTS bind Seller and Buyer in performing the Agreement, unless otherwise agreed by Seller in writing. These GTS and the Agreement constitute the entire agreement between the Parties, and supersede all prior or contemporaneous understandings or agreements, both written and oral. Buyer's general terms of purchase, delivery, or other similar general contractual terms and conditions are expressly excluded, rejected, and shall have no effect on the legal relationship between Buyer and Seller. Fulfillment of Buyer's Purchase Order does not constitute acceptance of any of Buyer's terms and conditions.

3. Offer and Acceptance

3.1. Buyer shall place a Purchase Order by email to the address indicated in the Offer.

3.2. The Purchase Order shall be deemed accepted by Seller if Seller confirms the Purchase Order within five (5) business days by email. Seller's failure in responding shall not be deemed as acceptance of the Purchase Order. Any terms specified in Seller's written confirmation of the Purchase Order shall take precedence over these GTS in the event of a conflict.

3.3. Any changes to the Purchase Order made by Seller are subject to Buyer's approval within three (3) business days. Failure by Buyer to respond within this timeframe shall be deemed as Buyer's acceptance of such changes. If a Purchase Order is rejected by Seller, Seller shall promptly notify Buyer in which event Buyer may either cancel the Purchase Order or amend the Purchase Order and resubmit to Seller.

4. Delivery of Goods and Storage

4.1. Call-off is binding upon Seller only if it results from the Agreement or if it is confirmed by Seller via email within two (2) business days of its receipt.

4.2. Buyer is obliged to collect and pay for Goods in accordance with the Agreement. If Buyer fails to do so then Seller, without prejudice to its other rights, shall be entitled, at its sole discretion:

(i) to further store Goods, but not longer than thirty (30) calendar days following the date of production (the "**Maximum Storage Period**") at Buyer's risk and for the storage fee (including transportation and insurance) in the amount determined by Seller. Following the expiry of the Maximum Storage Period, Seller may scrap Goods according to Section 4.2(ii) of these GTS;

or

(ii) scrap Goods at the expense of Buyer for which Buyer shall pay Seller compensation ("**Compensation to Seller**") calculated as follows:

where:

- **Goods Price** – shall be the price of Goods calculated based on FCA Seller's warehouse Incoterms 2020 where Goods are stored, valid for the last day of the storage.
- **Scrap Income** – shall be the income obtained from scrap calculated based on Goods net weight (scrap price – scrap transport), where the scrap price and the cost of transport will be calculated on the last day of the storage.
- **Scraping Cost** – shall include all incremental costs incurred by Seller related to Goods scraping process, including, but not limited to: labor, utilities, equipment, and transport of Goods from the warehouse to the scraping plant.

Compensation to Seller shall be paid based on an invoice issued by Seller by the date indicated in such invoice.

In any event, Buyer shall indemnify, defend, and hold harmless Seller, its affiliated and related companies, and each of their respective owners, members, officers, directors, employees and agents from and against any and all additional resultant damages and costs. Buyer shall settle any related invoice within thirty (30) calendar days of receipt.

4.3. In case the Agreement does not provide any delivery date of Goods ordered by Buyer, then Buyer is obliged to collect the Goods not later than thirty (30) calendar days following the date of production. Should Buyer fail to Call-off Goods within such period, the delivery date shall be the last day of the aforementioned 30-day period. In any case, Goods shall be Called-off not later than one week ahead of the delivery date. If such Goods are not collected by Buyer within such timeframe, Section 4.2(ii) applies.

4.4. If Seller delivers to Buyer a quantity of Goods of up to ten percent (10%) more or less than the volume set forth in the Agreement, Buyer shall not be entitled to object or reject Goods or any portion thereof by reason of such surplus or shortfall and shall pay the price set forth in the Purchase Order for Goods with such price adjusted pro rata.

4.5. Seller may, in its sole discretion, without any liability or penalty, make partial shipments of Goods to Buyer. Each shipment will constitute a separate sale, and Buyer shall pay for the units shipped whether such shipment is in whole or a partial fulfillment of the Purchase Order.

4.6. Any liability of Seller for non-delivery or late delivery of Goods shall be limited to replacing Goods within a reasonable time or adjusting the invoice respecting such Goods to reflect the actual quantity delivered.

4.7. Buyer shall supply Seller with the lithography to be applied to Goods ("**Lithography**"), unless Buyer orders Goods with no lithography ("**Blank Cans**"). Buyer may not resell Ends or Blank Cans without Seller's prior written consent.

Purchase Orders accepted by Seller will be scheduled for production once Buyer has approved Seller-supplied Lithography before manufacturing Goods with such Lithography.

5. Price and Payment Terms

5.1. The binding price is the net price based on the pricing model (fixed price or a defined pricing formula) specified in the Agreement. VAT and other taxes, imports, duties, tariffs, or other applicable fees of any kind, nature or description whatsoever shall be added to the net price and invoiced to Buyer.

5.2. Seller reserves the right to adjust the prices of Goods in response to any increase in costs at any time prior to production of Goods. Such costs may include, but are not limited to, an increase in the cost of raw materials, energy, labor, fees related to environmental protection (including CO₂ emissions), the increase or imposition of any tax obligation, or changes in exchange rates. Should the price increase exceed ten percent (10%) or more of the price in force on the date of the conclusion of the Agreement, then Buyer is entitled to withdraw from the Agreement. This withdrawal right must be exercised within five (5) business days from the date of communication of the price adjustment.

5.3. Invoices shall be issued on or after delivery, except where Seller requires payment on account in advance of delivery. Invoices shall be payable by the date set forth in the Offer by electronic bank transfer to the bank account and in the currency stated on the invoice.

5.4. Time for payment is of the essence. Statutory interest at the highest rate permitted by applicable law shall accrue on any outstanding payments for each day of delay. Buyer shall reimburse Seller for all reasonable fees and costs incurred in collecting any late payments, including, without limitation, reasonable attorneys' fees. In addition to all other remedies available under these GTS, the Agreement, or at law or equity, Seller shall be entitled to suspend the production and/or delivery of any Goods if: (i) Buyer fails to pay any amounts when due other than amounts that are not subject to a bona fide dispute; or (ii) the total value of Goods invoiced by Seller and not paid by Buyer is higher than the credit limit amount for Buyer established by Seller, representing maximum levels of receivables; or (iii) justified doubts arise regarding Buyer's risk of insolvency, entry into arrangement proceedings, liquidation, or otherwise if Buyer is deemed unable to pay its debts within the meaning of applicable insolvency regulations.

5.5. Buyer may not withhold payment or deduct or set off its claims resulting from the Agreement or otherwise against Seller. However, Seller has the right to deduct or to set off at any time all its due receivables that Seller holds towards Buyer.

5.6. Submitting a complaint in accordance with Section 8 of these GTS does not entitle Buyer to withhold, deduct or set off any payment under the Agreement.

6. Title and Risk of Loss

6.1. The delivery of Goods is carried out in accordance with the relevant INCOTERMS 2020 delivery basis indicated in the Agreement. Title and risk of loss passes to Buyer upon delivery of Goods as defined by such Incoterms 2020 delivery basis.

6.3. Buyer shall report damages and losses incurred in transport on the consignment note, CMR document, or in another generally acceptable fashion. Failure to do so may result in the denial of any claim arising thereof. Buyer is also obliged to unload Goods immediately upon receipt, and in any event, no later than three (3) hours after delivery. The designated unloading terms shall apply on Saturdays, Sundays, and holidays. All damages resulting from delayed unloading will be charged to Buyer in full amount.

7. Returnable Packaging

7.1. Unless otherwise provided in the Agreement, Goods shall be packed according to Seller's technical specification and/or standards. All packaging materials, including, but not limited to, plastic pallets, top frames, separator sheets, and layer pads (collectively, "**Dunnage**") in connection with the supply of Goods shall remain the sole property of Seller. If Seller arranges the freight, Seller will pick up the Dunnage within thirty (30) calendar days of delivery to Buyer at its sole cost and expense. If Buyer arranges the freight, it shall be Buyer's responsibility to return the Dunnage to Seller within thirty (30) calendar days of delivery at Buyer's sole cost and expense. If Buyer fails to return Dunnage within this timeframe, Buyer shall be invoiced for such Dunnage at their replacement cost (plus applicable taxes and charges, if any). In the event of loss, damage, or contamination of the Dunnage beyond normal wear and tear, Seller shall invoice Buyer for replacement of such Dunnage (plus applicable taxes and charges, if any). Buyer shall pay any Dunnage invoices according to the customary payment terms for Goods under the Agreement. Buyer shall cooperate fully with Seller in any Dunnage reconciliation efforts, including providing access to records, conducting monthly inventory counts, and permitting physical inspection of storage locations. All Dunnage must be returned to Seller in substantially the same condition as delivered, subject to normal wear and tear.

Seller warrants that Goods shall be manufactured in accordance with Seller's technical specification for such Goods in all material respects, for the period specified in the Warranty Terms (the "**Warranty Period**"). **THE WARRANTIES SET FORTH IN THESE GTS AND THE AGREEMENT ARE THE EXCLUSIVE WARRANTIES GIVEN BY SELLER TO BUYER WITH RESPECT TO GOODS, INFORMATION GIVEN, OR SERVICES RENDERED HEREUNDER. After the lapse of the aforementioned periods, Goods shall be deemed accepted by Buyer as compliant with the Agreement and any claims that would result thereof shall be deemed to have expired.

8.3. If Buyer identifies quality defects, non-conformities, or any shortages in Goods and submits a complaint, Buyer must indicate in such complaint the production and the delivery date(s) of Goods in question, as well as the relevant pallet number(s), Purchase Order number(s), and SAP index (indices). Buyer shall also retain the control tag(s) from the pallet(s) from which the allegedly defective or non-conforming Good(s) has (have) been identified. Buyer shall provide Seller with documentary or photographic evidence supporting any claim and shall fully cooperate with Seller in its investigation, including, but not limited to, providing Seller with a reasonable opportunity to examine and test the allegedly nonconforming or defective Goods. Goods confirmed to be defective or nonconforming shall, at Seller's sole expense and discretion, be replaced or repaired or if Seller is not able to replace or repair such Goods, Seller shall issue a credit note to Buyer for such Goods any reasonable shipping or handling expenses incurred by Buyer in connection therewith. Seller may at its sole discretion order the destruction of defective or nonconforming Goods to minimize transport cost. In the event Seller determines that destruction is agreed upon treatment, Buyer shall arrange the destruction of such defective or nonconforming Goods, invoice Seller for all reasonable associated costs agreed to in advance and in writing with Seller, and provide a certificate of destruction as requested. Seller's liability and Buyer's exclusive remedy for defective or nonconforming Goods shall be limited solely to the remedies provided for in these GTS and the Warranty Terms.

8.4. If Buyer does not agree with the manner in which Seller has resolved a quality complaint, the Parties agree for the complaint to be resolved (regarding the existence of a defect or non-conformance, its nature, scope, cause and impact on Goods' value) by an independent expert jointly appointed by the Parties and – in the event the Parties are unable to agree to the jointly appointment such an expert – the expert shall be selected by Seller. The cost of expertise shall be borne by the Party whose claims have not been confirmed by the said independent expert.

8.5. Buyer is obliged to take all measures aimed at mitigating any resulting/ potential losses and damages, as well as any possible further deterioration of the defective or nonconforming Goods.
